Dear Mr. Stolpe:

We received your letter dated June 1, 2015, regarding a natural gas-fired annealing furnace at the above referenced facility.

The Tennessee Air Pollution Control Board has adopted regulations which exempt certain types of operations from permit requirements. The furnace, which meets the requirements of Rule 1200-03-09-.04(4)(d)20, does not require a permit to construct or operate from our Division.

If you have any questions concerning this correspondence, please contact Tawanna F. Reid at (865) 594-5459 or at Tawanna.Reid@tn.gov.

Sincerely,

Barry R. Stephens, P.E.
Technical Secretary
Tennessee Air Pollution Control Board
